Tour description

3-day tour in the Großes Walsertal Biosphere Reserve with overnight stays at the Göppinger Hütte and Freiburger Hütte

The 3-day tour starts at the church in **Buchboden** (910 m) and leads via **Bad Rothenbrunnen** (1,010 m) on to the **Gadenalpe** (1.317 m). From the Gadenalpe, the route climbs steadily to the left past the **Diesnerbergalpe** (1,626 m) to the **Mutterwangjoch** (2.025 m). From there, the trail leads along the **European long-distance hiking trail no. 4** (E4), over the **Gamsboden** (2,066 m) and the Gamsbodenjoch to the **Göppinger Hut** (2.245 m). This is the first overnight stay of the tour.

On the second day, the trail leads along the E4 via the **Östlicher Johanniskopf** (2,508 m) and the **Upper Johannisjoch** (2,037 m) past the **Formarinalpe** (open: mid-June to early Sept.) to the **Freiburger Hütte**, the second overnight accommodation.

On the third day, the route leads to **Alpe Laguz** and on via **Garmil** to the **Oberpartnomalpe** where you can take a break. Well rested, you continue to the **Hinteres Steinbild** where you continue along the hiking trail with many hairpin bends and steps through a wooded area into the **Huttlatal**. From there, follow the service road back to Buchboden.

Tip from the author

We recommend surefootedness, a head for heights and alpine experience. The daily stages can be divided up according to the weather and requirements.

A hiking map is recommended for better orientation on site. The special edition of the hiking map *Holidays in the Großes Walsertal Biosphere Reserve* at a scale of 1:35,000 is available from Raggal Tourismus and at biosphärenpark.haus.
